

PAINTER OF THE YEAR

The Painter of the Year awards celebrate high quality workmanship, craftsmanship and expertise.

WHO CAN ENTER

- Anyone or any business who uses PPG coatings
- Any PPG architectural coating, including paint, PC, EWI, Render etc
- Any project, no matter the size, scale or spend level of the customer
- Any type of project e.g. large commercial, small domestic, public buildings or private spaces etc
- Any project that they are proud of and want to be recognised
- Any project completed in 2019

HOW IT WORKS

- All entries are assessed by our technical team based on the information on the entry form and the photographs submitted. The more information the better to understand the reasons behind the decorating project
- Our technical team then visit and score selected projects against a set criteria. Projects that are more likely to score highly are the ones that:
 - Use PPG products to their full potential
 - Have exceptional application that is neat and has a good and solid finish
 - Maximize the use of colour
 - Demonstrate great project management e.g. working to tight schedule around other trades and strict deadlines
- The highest scoring projects are then shortlisted to the final 20 and put in to 4 categories [to be determined based on the shortlisted projects]
- All finalists projects are then professionally photographed
